**Re: New Mexico Public Records Act Request
Deming Independent Public School District**

Dear Ms. Small:

As you know, we are the attorneys representing the Deming Independent Public School District ("Deming Public Schools") in its response to your New Mexico Public Records Act Request. Generally, under the Family Education Rights Privacy Act, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, schools may release limited information, and to the extent Deming Public Schools may release information requested, it has done so in compliance with your records request.

1. Records and statistics concerning non-resident students attending Deming Public Schools. We have attached information on non-resident students attending Deming Public Schools as Exhibit A.

2. Records concerning services including transportation for non-resident students who attend Deming Public Schools. The number of students being transported from the Port of Entry for the current school year 2008-2009 is 506 which includes all grade levels, 2007-2008 school year is 460 students and 2006-2007 school year is 380 students. We have attached the Bus Rosters for that time period as Exhibit B.
