Narrative: On March 3, 2009 at approximately 2045 hours, I was advised the Santa Cruz County Sheriff's Office Communications Division to contact Greg Wing who resides in Green Valley reference an over due party in the area of Agua Caliente Canyon.

I contacted Mr. Wing via telephone told me his thirty seven year old son Matthew along with his girlfriend Trish and a friend of theirs from New Jersey went camping into the area of Agua Caliente canyon. Mr. Wing told me that they left of Friday and were suppose to return on Sunday. He further stated that his son was very familiar with the area, but found it very strange with he failed to return on Sunday. He said his son is very responsible and in fact he had miss-work on Monday.

Mr. Wing said that he went out to the area of Agua Caliente Canyon and located Matthew's car. He said that he talked to several hikers in the area and they told him that they didn't see any other hikers out there. He also attempted to call them on their cell phones to no avail. I asked Mr. Wing if any of the persons that were over due had any medical problems. He said no. Mr. Wing did state that Matthew had taken camping supplies for approximately two days.

I contacted V. Coss the Coordinator of the Santa Cruz County Search and Rescue and informed him on the situation. Arrangements were made for the Santa Cruz County Search and Rescue Team to deploy early morning with teams of All Terrain Vehicles and Mounted Horses. Refer to Deputy V. Coss for further details.

NARRATIVE: On March 2, 2009 at 22:00 hours I was contacted by Cpl Martinez regarding a report of overdue hikers from Agua Caliente and the Elephant Head Trails. The aforementioned missing persons had left Friday afternoon 2/27/09 and were due back on Sunday 3/1/09 at the Green Valley residence. The individuals were said to be experienced hikers that had food and water with no known medical conditions. The reporting party provided cell telephone numbers that went unanswered. The vehicle was left at Agua Caliente Canyon (Silver Volvo). The group were scheduled to camp at the Chino Basin

I told Cpl Martinez we would commence the search at 0500 hours on Tuesday 03/03/09. The ATV's were loaded on the trailers and made ready for the morning deployment.

The Mounted Team with two horses and two searchers were deployed north on the Agua Caliente Bike Trail. The ATV Team of four would come up on the Elephant Head trail and meet up with the Mounted Team at Chino Basin.

The Mounted Team reported the Silver Volvo was stationary at the Agua Caliente Canyon AZ LIC:AAE2152. Marked as PLS -GPS Coordinates N31* 41.725 W110* 55.734 Elev: 4581.

Alex Agnost was located on the Agua Caliente Bike Trail and told the Mounted Team he was walking back to the vehicle. He said they had been walking during the night and split up after getting into a verbal dispute. He was given water and mentioned he and his canine would wait by the car for the other two hikers. He did not have the keys to the Silver Volvo.

During the ride on Elephant Head Trail we picked up signs of the hikers and their Canine. We noticed that the hikers had made their way to the Proctor Ranch and then again back towards the Chino Basin.

At the rendezvous point on Chino Basin we began to call out their names and using a whistle. We heard some yelling on the saddle southeast of our location. The mounted team was sent towards the saddle and located the two missing hikers and their canine sitting underneath some vegetation. GPS

Coordinates N31* 42.757 W110* 56.697. The hikers were escorted back to the trail. Their packs were loaded onto the ATV's and transported to the beginning of the Agua Caliente Bike Trail.

Matthew Wing told me his 68 year old mother and employer had over reacted by calling the Sheriff's Office. He said they were not lost, that they were heading back to his car. I told Matthew the direction he was going was not to his car but away from it. They were escorted back to the trail and their car.

CONCLUSION: The hikers and canines were all located and found to be in good health. Successful mission closed.
