Afternoon,

We'd like Twitter to review recent posts from a Denver news channel that contains misinformation about a recent mailing from the Colorado Secretary of State's office:

https://twitter.com/ https://twitter.com/ (b)(6)

The posts have been highlighted as containing false information by personnel from our office, other media sources, and others. At best, we'd suggest they be removed as promoting inaccurate and false information. At a minimum, we'd request they be labeled as "false".

For rapid contact, I'm reachable by text or Signal at (b)(6)
